## Dedication

During his twenty-four years of dedicated service, Dr. Wilhelm Reuning has always shown great concern for the students of Susquehanna University. Dr. Reuning came to Susquehanna in 1959 as Dean, and in 1971 was advanced to Vice President for Academic Affairs. In 1977 he resigned his administrative duties in order to devote more time and energy to teaching and advising students. He has also developed a program in international education which involves overseas internships.

Dr. Reuning is a native of Mainz, Germany; he came to the United States in 1937 with his father. During World War II, he served in the United States Fifth Army. He later obtained a bachelor and master of science, and Ph.D. from the University of Pennsylvania.

During the spring of the 1967-68 academic year, Dr. Reuning took a sabbatical leave to study in Europe. During this time he researched unpublished diplomatic correspondence at the Staatsarchiv in Vienna, Austria, and the Italian Foreign office in Rome on relations between Austria and Italy under the Triple Alliance 1882-1915. He is a specialist in Modern European History.

Dr. Reuning is presently a member of the American Historical Association, Society for French Historical Studies, and the Conference Group of Central European Histories. He is a member of Phi Alpha Theta, Pi Gamma Mu, Kappa Phi Kappa honor societies. He is also active in the Lutheran Theological Seminary at Gettysburg and Sharon Lutheran Church in Selinsgrove.

The Lanthorn staff is proud to present the 1982 Lanthorn to Dr. Wilhelm Reuning in recognition of his many accomplishments and his true devotion to Susquehanna University and the students.

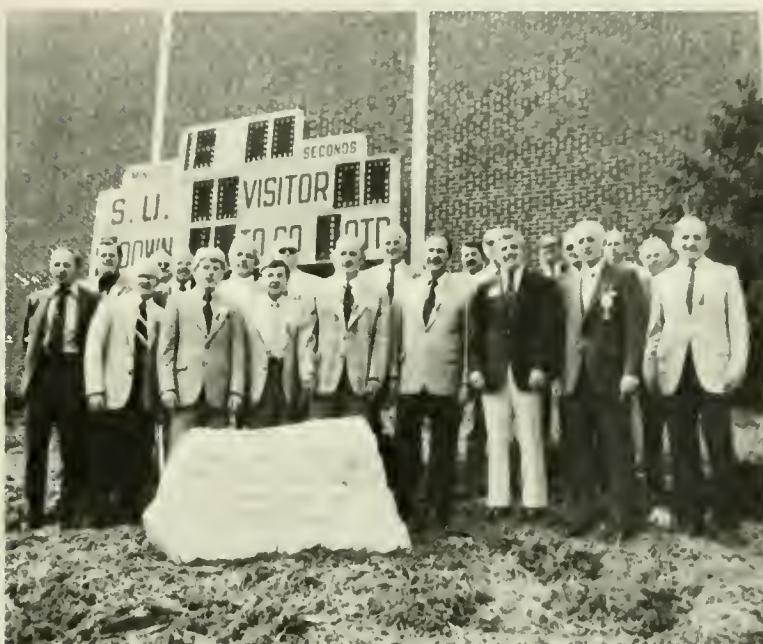

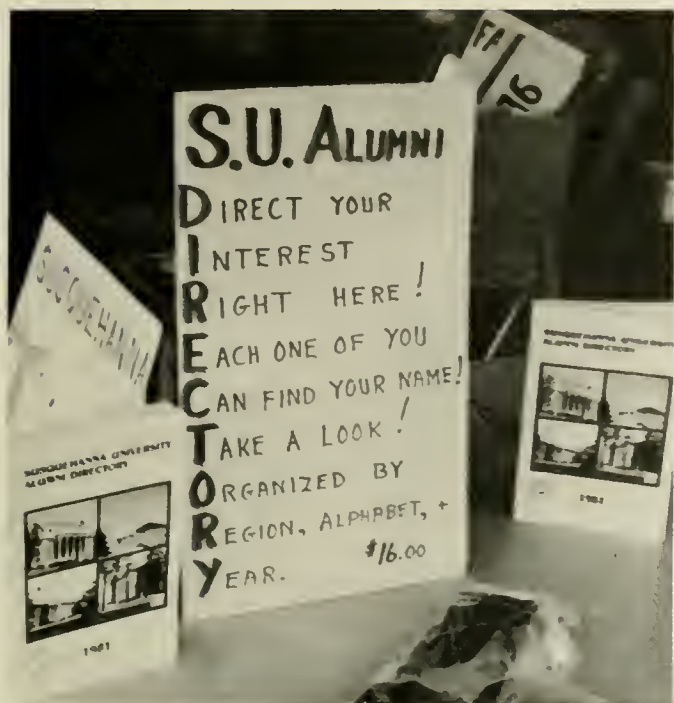

Everything has its seasons

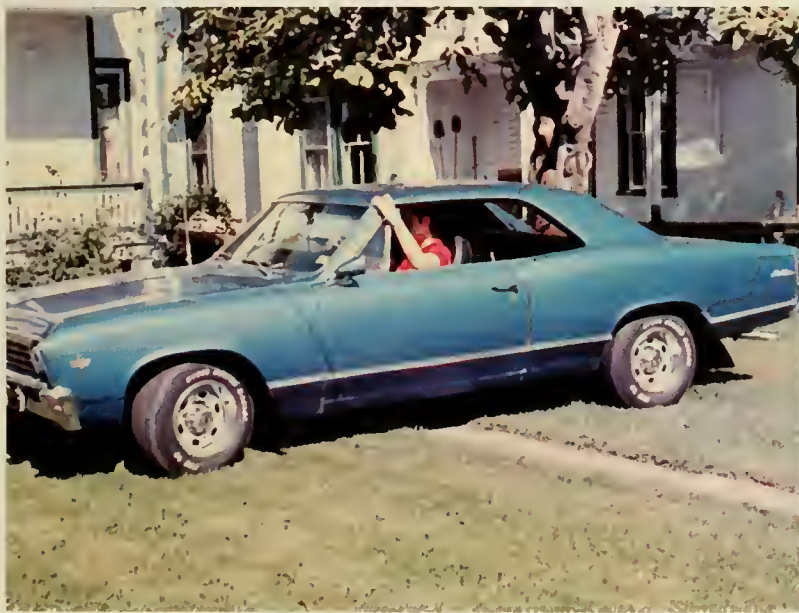

Everything has its time

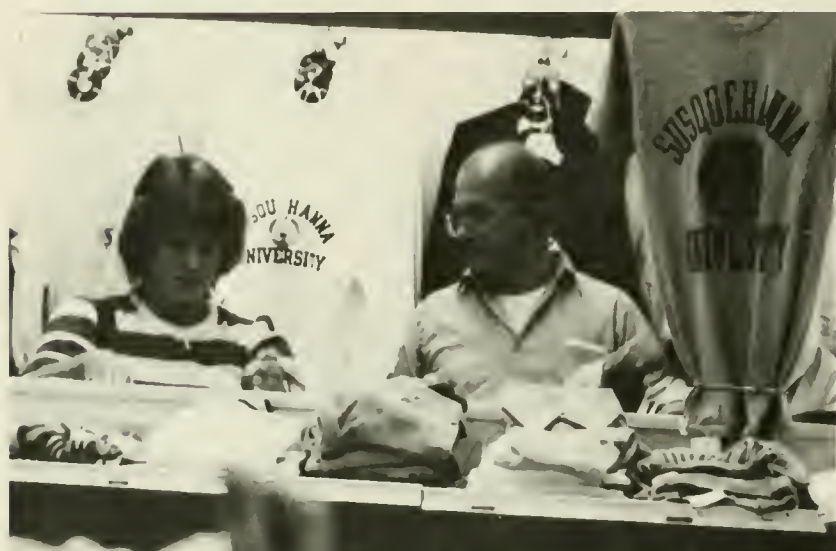

Show me a reason and

I'll soon show you a rhyme

So many men seem destined

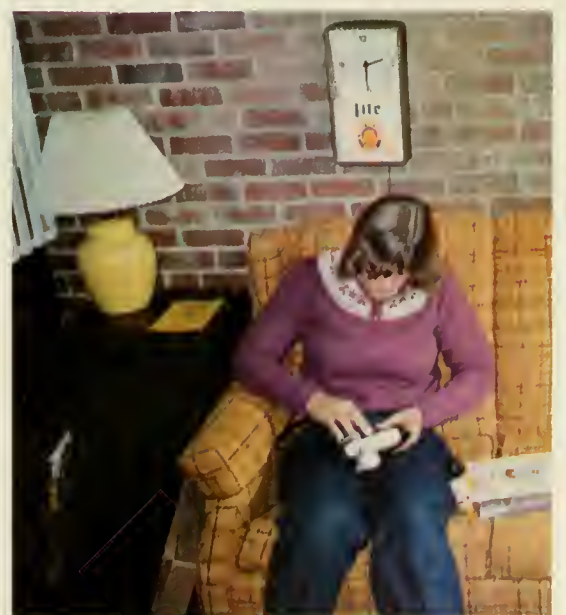

To settle for something small

But I won't rest until

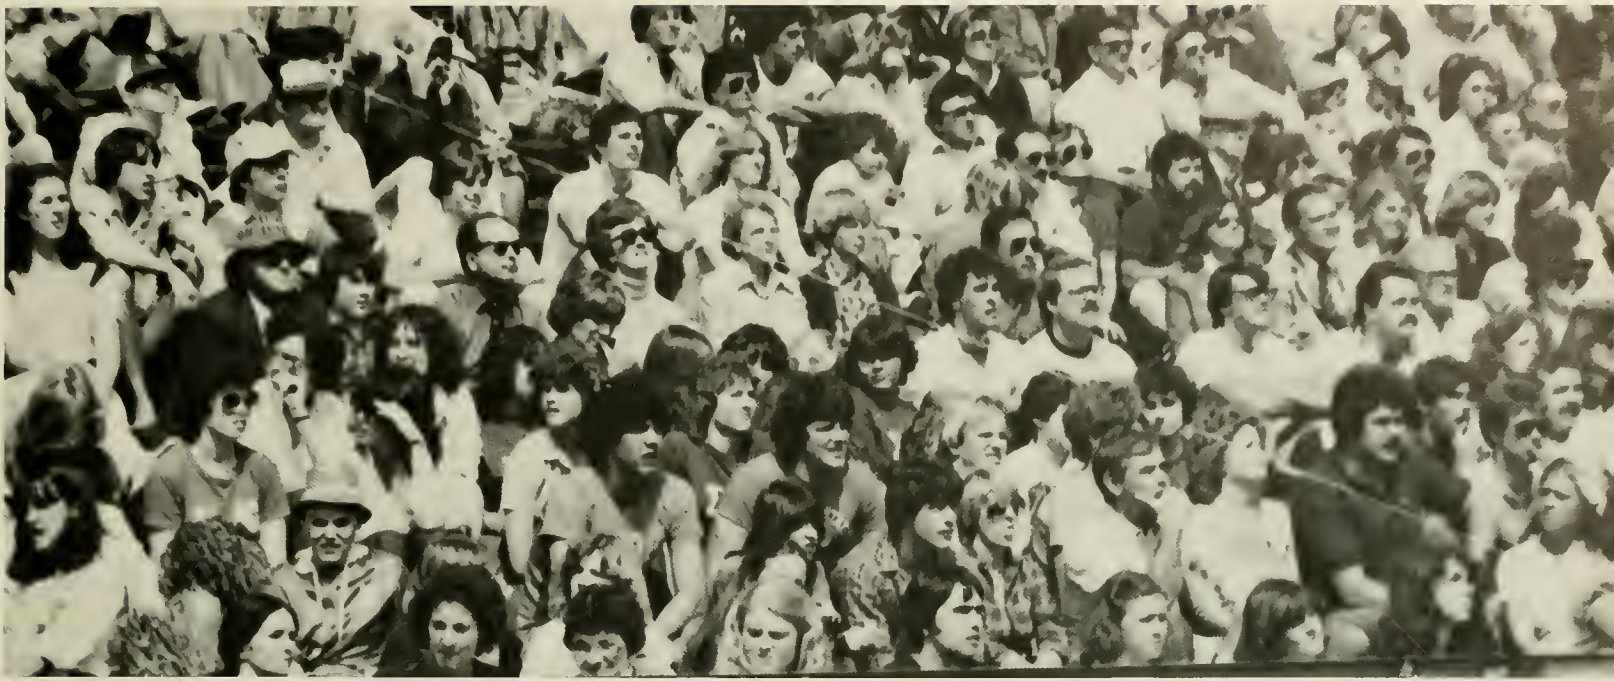

I know I have it all

Rivers belong where they can ramble

Eagles belong where they can fly

I've got to be where my spirit can run free

Got to find my corner of the sky

Can dreams foretell the future? Of course they can. Are individuals and communities moved by visions? Even in the face of apparently implacable obstacles, there is no better way.

During the 1960's when the Civil Rights Movement seemed faltering, a man galvanized millions of persons into action and irreversibly shaped our future with the words, "I have a dream." Dreams can make the difference.

After four years of education at Susquehanna, what can you, the members of the Class of '82, yet be told? I urge you to work, have faith in yourselves and others, and ever have dreams. At your graduation, they may begin as "a corner of the sky," but in due course you will bring them to earth and through them touch and bless the lives of countless brothers and sisters.

*Jonathan C. Messerli*

President

## INTER FRATERNITY COUNCIL

## PANHELLENIC COUNCIL

PANHELLENIC COUNCIL and INT FRATERNITY COUNCIL . . . Representatives from all campus social fraternities and sororities working together to organize Greek activities. These activities include organizing and supervising all rush rules and programs, Greek Weekend, Dad's Day and Formal Rush. Victor Collazo, Assistant Dean of Students, advises and assists both of these organizations.

## PHI MU ALPHA SINFONIA

Phi Mu Alpha Sinfonia is a professional fraternity for men who have an interest in music. Among our activities for this past year were two musicales, a trip to New York City to see a Broadway show, and numerous other musical projects. One need not be a Music Major to join Phi Mu Alpha. There are all majors involved, from Finance to Political Science. Our main goal is to keep the campus and the community aware of the power of music, whether it Rock or Classical.

# ORIENTATION

## September 3 — 5 1981

### Orientation Planning Committee

Dean Anderson, A. Greenhow, Chairman, G. McCarthy  
S. Dempsey, C. Conklin, J. Carton, P. Pietchke.

The Orientation Committee is put together through the combined efforts of students, faculty, and administration. The Orientation planning begins in December and continues into May. Every week within these five months there is a meeting of the Orientation Planning Committee. This Committee consists of three juniors and three sophomores. The Chairman is a junior and he or she, with the help of the administrative adviser and the committee, organize the student adviser program, make the agenda for the four days of Orientation, organize the general Orientation Committee, and other tasks that make the first four days of a freshmen's college life easier.

The agenda for the four days of orientation is changed and rearranged several times before it is approved and finalized by the Planning Committee.

The general committee is made up of many students. These students consist of sophomores, juniors, and seniors. Each student is assigned to a sub-committee such as food, entertainment, set-up and clean-up, invitations, commuter's continuing orientation, publicity, and miscellaneous. Each committee has a chairman and a planning committee member as an adviser.

The first day of freshman orientation is an experience for students, faculty, administration, parents, and of course freshmen. Everyone is friendly and there is no time for boredom. The freshmen arrive and are greeted by swarms of students in orange shirts. It is a community effort to move freshmen into their rooms. The day is packed with activities for both parents and freshmen. When the day ends and the parents leave, the freshmen are faced with four days of non-stop activities — social as well as academic. It is a four day crash course on how to survive.

The Susquehanna Orientation process is unique because of the massive student involvement. It is a college community effort. It is an enjoyable and enlightening experience for all who participate. It is an important part of the Susquehanna experience.

# OXFORD '81

The Susquehanna at Oxford program was a great success in 1981. The group spent the first ten days of their trip in London where they saw such fascinating sights as Trafalgar Square, Hyde Park, Parliament, the Tower of London, and Westminster Abbey. From there they proceeded to Oxford for five weeks, where they took courses involving all aspects of British life: literature, history, theatre, and business. During their stay at Oxford they took several weekend trips around the English countryside. Bath, Stonehenge, Canterbury, North Wales, and Stratford-upon-Avon were some of the many interesting and exciting places they travelled to.

After their stay in England some of the group stayed in Europe for a three week Continental Tour. This group travelled around in four bright green minibuses seeing the sights of continental Europe. Their first stop was Paris. Here they enjoyed such sights as Notre Dame, the Eiffel Tower, Arc de Triomphe, and many others. Germany was the next stop with a beautiful Rhine cruise and stops in interesting cities such as Heidelberg, Rothenburg, Weissenburg, and Munich. From there they travelled to Austria and Switzerland. They climbed 'way above the clouds at the Jungfrau Mountain and Mount Pilatus and enjoyed the towns of Innsbruck, Luzern, and Interlaken.

The group arrived home after three months of an enjoyable and exhausting summer, and experience they would never forget.

*As we leave Susquehanna University, we leave with fond memories. Throughout our years here we have lived and grown together. We have all been taught to go out into the world, some as teachers, musicians, scientists, social workers, and businessmen and women. Whatever our professions may be, we must now go out and seek our goals. The friendships we've made we'll cherish forever. Although we may separate and lose touch, the bonds of friendship will always remain with us. We all must part now and find our own "Corner of the Sky".*

## In Memory

In special memory of William R. Aikey, Director of the Physical Plant, who died this past winter. William Aikey came to Susquehanna in 1974 as Assistant Director of the Physical Plant and in 1977 he was appointed Director. He was also adviser for Phi Sigma Kappa Fraternity. Mr. Aikey will be deeply missed by the University's students and faculty.

## Retiring

The best of luck to Mr. William Nibbling, Assistant Professor of Sociology. Nibbling, who received his degree from New York University, came to S.U. in September 1963. Mr. Nibbling has also done work for the National Security Agency and anthropology studies in Haiti.

Dr. Otto Reimherr, Professor of Philosophy and Religion, has been a member of the S.U. faculty for 23 years. Dr. Reimherr also served as Director of the University's Institute for Studies in Parish Ministry. The students and faculty wish the best of luck to Dr. Otto Reimherr in the future.
